

CA'DADDA

VENEZIA

Welcome to Ca'dadda

Your Private Escape or Exclusive Business Setting – in the Heart of Venice

Ca'Dadda is a historic palazzetto nestled in the heart of Venice, adjacent to the Rialto Bridge in the Cannaregio district. The building spans three floors, featuring spacious, luminous interiors and a suspended terrace with breathtaking views of the Grand Canal.

The marble floors of the atrium, the staircases, the Byzantine capitals that adorn the three-light windows on the second floor and many other fine details bear witness to centuries of continuous use.

The recently renovated palace harmonizes the original character of the Dadda family residence with elegance and modern comfort.

Four elegant bedrooms and spacious Grand Salon with historic charm. Ideal for couples but can comfortably accommodate up to 8 guests.

Fully equipped designer kitchen & private terrace on the Grand Canal

Direct water access – arrive by boat in true Venetian style

Ideal for brand events, press launches, photo & film productions

Elegant setting for company retreats, board meetings, or client stays

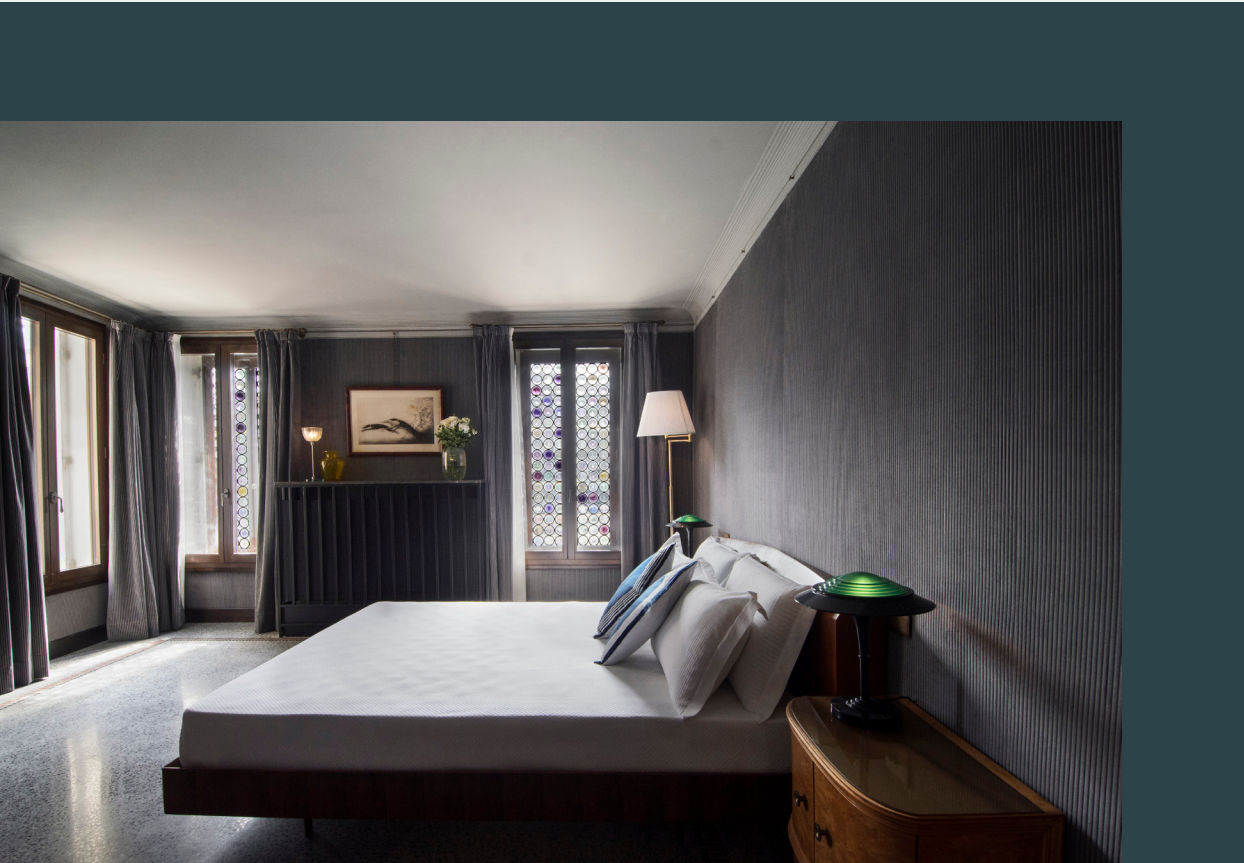

A unique blend of timeless architecture and modern luxury

The Rooms

Ca' Dadda is a masterfully restored Venetian residence that delivers refined living in the heart of the city. Its private water gate, leading directly to the Grand Canal, ensures an arrival of timeless sophistication.

Inside, the palazzetto combines historic charm with contemporary comfort. Marble staircases, handcrafted fabrics, original woodwork, and terrazzo floors create an atmosphere of understated elegance. Each space reflects Venice's rich artistic heritage, from the serene **Grey Room** with views of the Grand Canal to the cozy **Red Living Room** with early 20th-century tiles.

Three additional rooms complete the sleeping quarters. Two, inspired by Riva motorboats, offer style and privacy, while another—adorned in red upholstery—captures the eccentric opulence of the city itself.

The Grand Salon, with its mullioned windows and Art Deco touches, opens onto a bold 30-square-meter **terrace**—offering a 180-degree panorama that sweeps from the iconic Rialto Bridge to Palazzo Vendramin Calergi, perfect for dining or watching life unfold along the canal.

A **fully equipped kitchen** with Carrara marble surfaces and high-end appliances completes the home, offering everything needed for a luxurious and immersive stay.

Ca'Dadda is more than a place to sleep — it's an invitation to experience Venice's beauty, tradition, and elegance from within.

Private Chef

Experience an exclusive culinary evening with a private dinner on our terrace overlooking the Grand Canal, featuring breathtaking Rialto views.

- Regional cuisine with locally sourced ingredients, paired with select Italian wines
- Fully tailored menus to accommodate preferences (vegan, vegetarian, dietary restrictions)
- From traditional Venetian recipes to Italian favorites and international flavors, our chefs craft each dish with expertise

To ensure optimal service, please communicate your needs in advance. All our services are provided by Saor srl

Your Event at Ca'Dadda

First Floor with three bedrooms, three bathrooms and a unique salon

Ground Floor with spacious entry hall and direct water access to the Canal Grande

My name is Valentina and this home has been the heart of my family for three generations. I spent my childhood here surrounded by the sparkling reflections of the water and rooms filled with family memories. Ca' Dadda is not just a home, it is a piece of living history and sharing it with you is a privilege.

In 2023, my partner François and I embarked on a passionate journey to bring it back to its splendor. Two years of meticulous renovation, with carefully selected materials and the expertise of Venetian master craftsmen, have transformed it into a sanctuary of contemporary charm and elegance. We have preserved every original detail, from the marble floors to the exquisite boiserie, discreetly integrating modern technology and refined design, to make you experience Venice at its most sophisticated.

Let us help you create an experience that's as unforgettable as the city itself.
